

SSG-425

Stainless Steel Grit

Transmet Stainless Steel Grit utilizes angular shape, high hardness, and high bulk density to deliver consistently bright finishes without ferrous contamination.

Packaging: 55 lb bag

Material	High Chromium Alloyed Stainless
Size	0.300 - 1.00 mm
SAE Equivalent	G-40
Shape	Angular
Hardness	58 HRC
Bulk Density	225 pound / cubic foot
Color	Gray
